

# Instructions for using the “Construction Diary” module and app

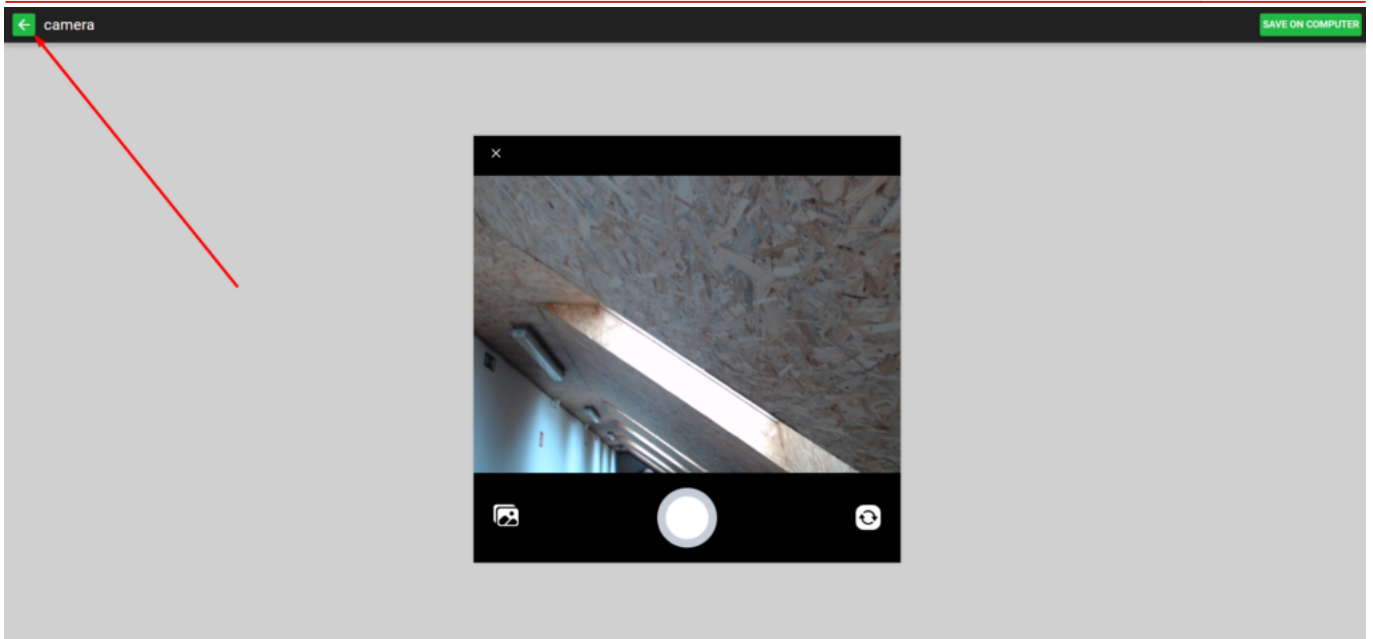

## 4. Adding photos to a new construction diary entry

If you click here, you can add up to X photos to your entry

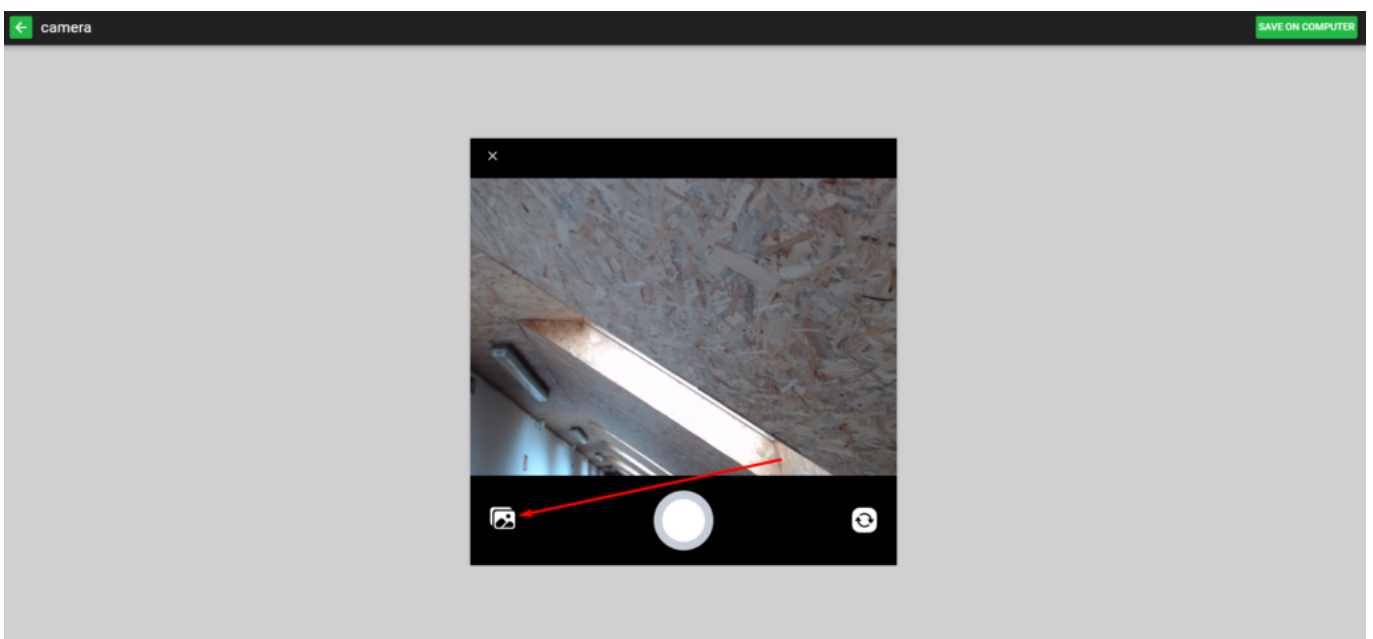

The screenshot shows a mobile application interface for creating a construction diary entry. At the top, a black header bar contains the text "NO PHOTO AVAILABLE YET". Below the header, there are several input fields and buttons. On the left side, there is a green circular icon with a microphone and a red notification badge with the number "0". On the right side, there is a green circular icon with a camera and a red notification badge with the number "0". A red arrow points from the bottom right towards the camera icon. The form fields include: "start date" with the value "15.03.2023"; "Arrival" with the value "10:24"; "end date" with the value "15.03.2023"; "Departure" with the value "--:--"; "Description" (a large empty text area); "Weather" with the value "cloudy"; and "title" with the value "Bautagebuch 2023-03-15 10:24". At the bottom of the form, there are two buttons: "INTERRUPT" (blue) and "CREATE" (green).

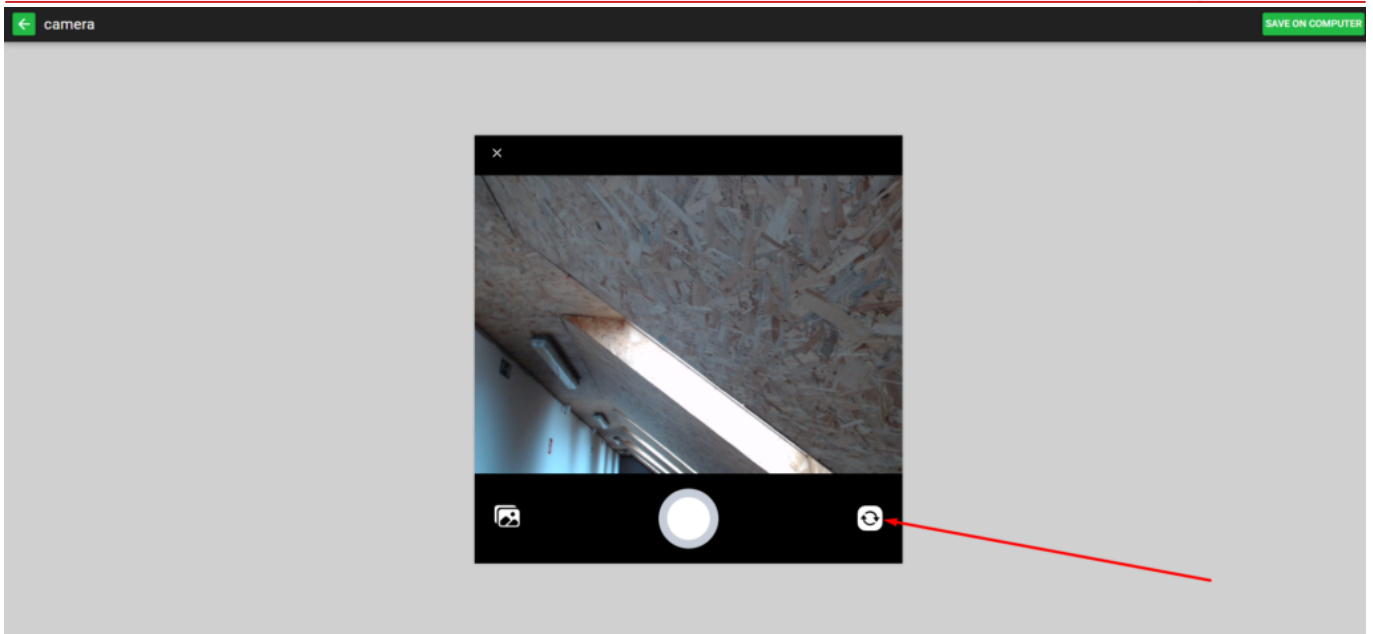

If you want to return, click here

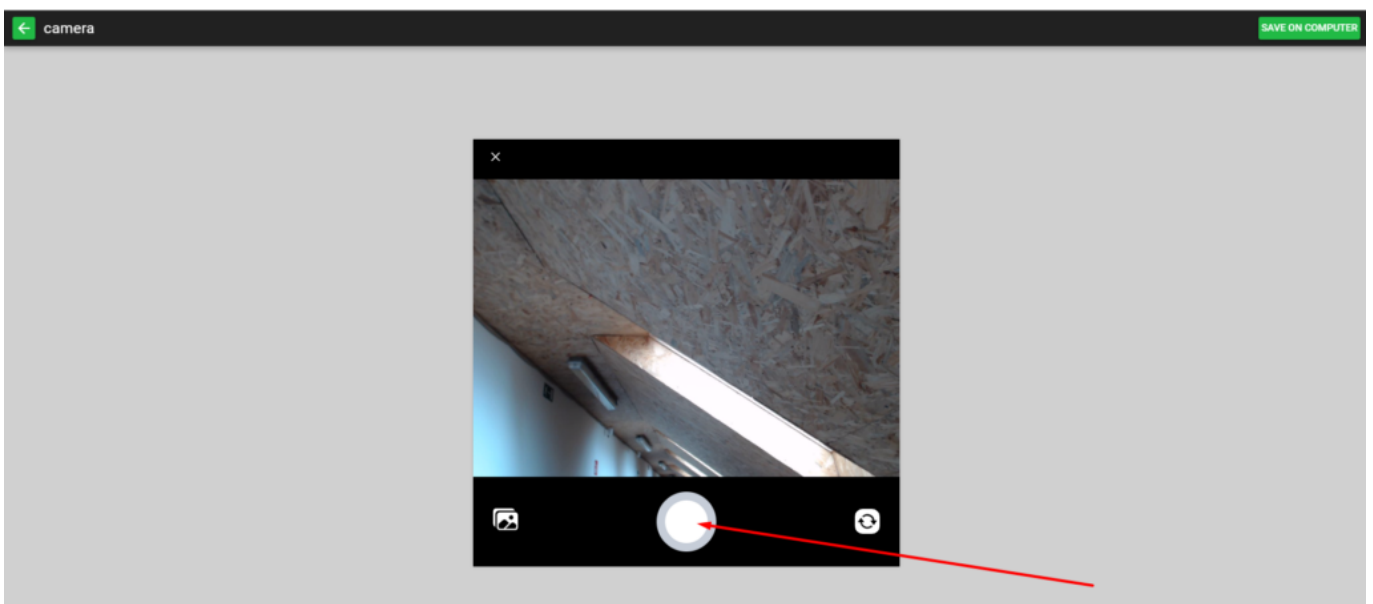

If you want to select a photo from the gallery, click here

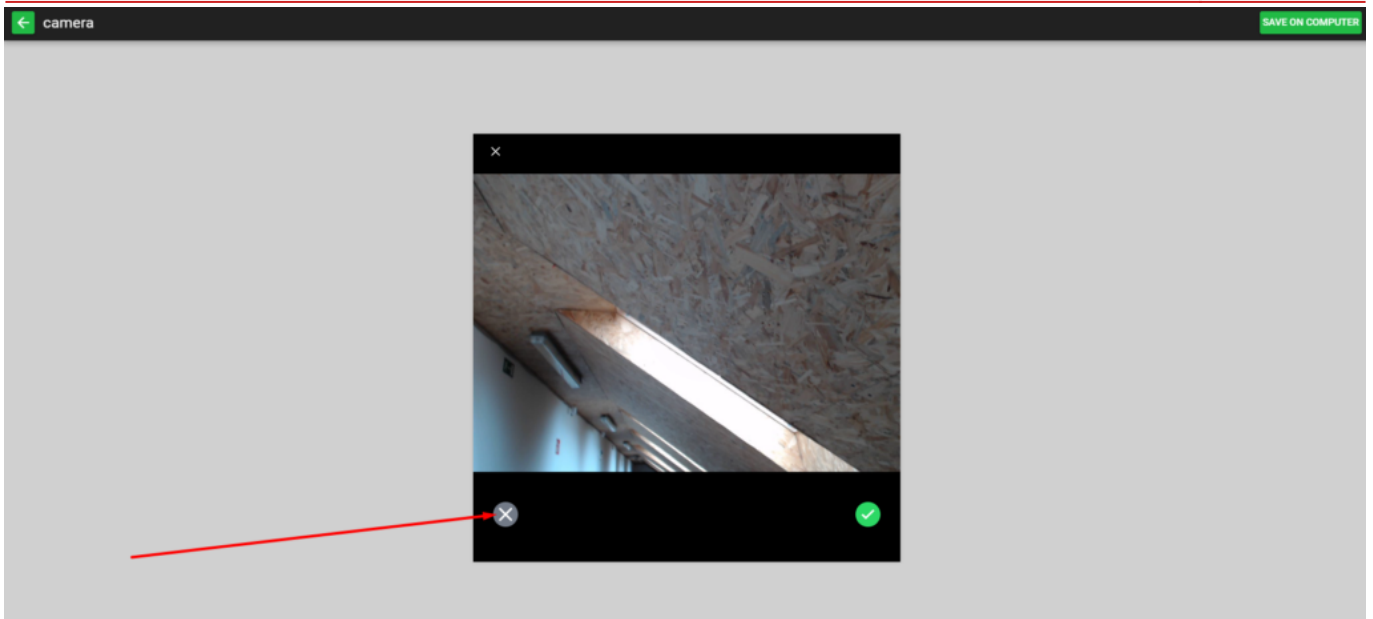

If you want to change the camera from front to back or vice versa, click here
